1 Not all fields can be linked and linked filed types must be compatible.
 2 Requires Lotus Notes 6.5.
 3 Requires Microsoft Outlook 2000, 2002, or 2003.
 4 Requires Microsoft Outlook 2000, 2002, or 2003. During setup, users must select if they want to access Outlook e-mail through the ACT! E-mail Client or direct integration with Outlook.
 5 Requires Microsoft Outlook 2000, 2002, or 2003. ACT! must be added as an Outlook address book to use this feature.
 6 Requires Microsoft Excel and Word 2000, 2002, or 2003.
 7 Sage Software offers a recommendation of up to 30 users for ACT! Premium for Workgroups and ACT! Premium for Web (EX Editions) and up to 50 users for ACT! Premium for Workgroups and ACT! Premium for Web (ST Editions). Actual scalability and number of users supported will vary based on hardware and size and usage of your database. Sage Software scalability recommendations are based on in-house performance tests using the recommended server system requirements found at: www.act.com/2007systemreq. Published minimum system requirements are based on single user environments. You must purchase one license of ACT! per user.
 8 Only certain fields can be designated as read-only or no access.
 9 Delivered as an MSI package. Software to distribute MSI package is not included. Silent Activation on machines requires Internet access. Users must be machine administrators in order to activate.
 10 Citrix and Terminal Services Require specific configurations. Citrix supported using Presentation Server V3.0 and V4.0.
